WORK EXPERIENCE

Front-end developer

Zuri team, Lagos Nigeria

March 2021 – present

- Designed and developed responsive webpages using HTML, CSS and Javascript.
- Maintaining and organizing workflow using project management tool like Github.
- Monitoring webpages for troubleshooting issues.

EXTERNSHIP

Project: Home teach

Company: Zuri team

I collaborated with designers, back-ends and front-end developers to build and released a responsive website

that allows parents subscribe their wards for E-learning and teachers can leverage their skills and get paid.
